Web Developer · UI/UX Designer · Virtual Assistant · Customer Support Specialist

Multidisciplinary professional delivering digital & operational excellence

PROFESSIONAL TRAINING & APPLICATION

💻 Web Development & UI/UX

- ▶ Built responsive web pages using HTML, CSS, and basic JavaScript fundamentals.
- ▶ Applied UI/UX principles to design clean, user-friendly interfaces and wireframes.
- ▶ Collaborated on digital projects focusing on accessibility and modern design trends.

🎧 Customer Support & Virtual Assistance

- ▶ Managed customer inquiries via email and chat, ensuring prompt, empathetic resolutions.
- ▶ Handled calendar management, scheduling, and email correspondence for efficient workflow.
- ▶ Performed data entry, internet research, and file management with high accuracy.
- ▶ Utilized Google Workspace and Microsoft Office to create reports and track tasks.

📋 Administrative & Digital Skills

- ▶ Maintained organized digital files and databases, improving information retrieval.
- ▶ Coordinated multiple tasks simultaneously while maintaining professionalism and quality.
- ▶ Applied problem-solving skills to support smooth business operations remotely.
